IT'S EASY BEING GREEN

An attendee at the 37th annual Natural Products Expo West at Anaheim Convention Center took a moment to interact with a live character at the Avafina booth, one of 3,100 exhibitors partaking in the world's largest natural, organic and healthy products event.

FLYING FLUTES

Aerialists served Champagne from the heavens during Levine Children's Hospital's 10-year anniversary celebration in Charlotte. TCG Events went all out when creating this French-themed event, which featured a melting chocolate orb station, take-home macarons and models in "Moulin Rouge"-inspired outfits.

A MODERN AFFAIR

DO YOU BELIEVE IN MAGIC?

What do llamas and unicorns have in common? The world may never know, but the two joined forces for a brunch event in Washington, D.C., put on by Taylor and Hov Events and Design in March. Nearly 30 event planners enjoyed rainbow bagels and colorful cocktails before decorating llamacorn-inspired cakes with sweets and lots of sprinkles.
